“Ask Your Child/Car Chatter”

Use these questions or suggestions to help your child make connections from school to home by talking about what was learned in school, connecting play to school concepts, and more!

Rhode Island Early Learning & Development Standards (RIELDS) Domains:

(Denotes calendar activities that are aligned with the RIELDS)

- CA – Creative Arts
- CD – Cognitive Development
- PH – Physical Health and Motor Development
- L – Literacy
- LD – Language Development
- M – Mathematics
- S – Science
- SE – Social and Emotional Development
- SS – Social Studies

Early Learning standards articulate shared expectations for what young children should know and be able to do. They provide a common language for measuring progress towards specific learning goals.

Curriculum Calendar

Love

Song of the Month:

Hello to All the Children of the World

https://www.youtube.com/watch?v=2nYjGy_ZUG8

Hello, Bon Jour, Buenos Dias,
G'day, Guten tag, Konichiwa,
Ciao, Shalom, Dobrey Dyen

Hello to all the children of the world!

We live in different places,
From all around the world,

We speak in many different ways -

Though some things might be different,

we're children just the same,

And we all like to sing and play.

Hello, Bon Jour, Buenos Dias,

G'day, Guten tag, Konichiwa,

Ciao, Shalom, Dobrey Dyen

Hello to all the children of the world!

Math and Measuring: Building number sense

Number sense is the ability to interact with numbers flexibly. Children with strong number sense tend to be more successful because they understand how to use math concepts.

Children need lots of hands-on activities as they recognize all of the different ways that numbers can be represented whether it be as symbols, quantity or word. For example: 2, ** or two.

Deep Breathing:

Ho Ho Ho Breath

Spotlight on:

Social Emotional

Healthy social and emotional development benefits from consistent, positive interactions with educators, parents/primary caregivers, and other familiar adults who appreciate each child's individual temperament. This appreciation is key to promoting positive self-esteem, confidence, and trust in relationships. The components within this domain address children's relationships with others, their personal identity and self-confidence, and their ability to regulate their emotions and behavior.
